UI/UX Designer with experience in end-to-end product design, including user research, wireframing, and prototyping using Figma. I have proven ability to design user centered solutions for web and mobile platforms, improving usability and engagement. Experienced in collaborating with cross functional teams to deliver scalable digital products.

SKILLS SUMMARY

- **(UX) Design:** User Research, Wireframe, Prototyping, Usability Testing.
- **(UI) Design:** Visual Design, Typography, Colour Theory, Layout Design.
- **Prototyping & User Centered Design:** High-Fidelity Prototypes, Responsive Design, Interactions Design.
- **Tools & Software:** Figma, Adobe Illustrator, Photoshop, Google Sheet & Slide, ClickUp, Slack, Notion.
- **Collaboration:** Teamwork, Problem Solving, Communication.

WORK EXPERIENCE

FillyCoder (Ghana/USA)—UIUX Designer (Fulltime) [Portfolio: Figma file](#) **2025**

- Design and optimized a hotel management CRM dashboard, collaborating with software engineers to improve workflow efficiency and user experience. Delivered wireframes and high fidelity prototypes using figma.

Gaddr (SWEDEN)—UIUX Designer (intern) [Portfolio: Figma file](#) **2025**

- Worked as a UI/UX designer to develop Calciaos website, an AI-powered platform that merges the capabilities of Excel, Airtable, MixPanel, Google Analytics, and Power BI. Assisted in simplifying complex data tasks, automating processes, and delivering real-time analytics for users across all skill levels.

TheagroVest (NIGERIA)—UIUX Designer (intern) [Portfolio: Figma file](#) **2025**

- Designed the user interface for TheagroVest, a platform that connects farmers and customers. Collaborated with the project team to streamline the product advertisement and rental process, contributing to reduced food waste caused by poor distribution.

Enovalab (NIGERIA)—UIUX Designer (intern) [Portfolio: Figma file](#) **2024**

- Collaborated with four product managers and one product designer to develop **Eduhive** website from end to end for school management. Led the design from wireframes, mockups, and interactive prototypes to the features provided through PRD. Result contributed greatly to the educational system by improving task efficiency by 35%.

Perxels Design School (NIGERIA) UIUX Designer [Portfolio: Figma file](#) **2024**

- Conducted user research to understand the challenges undergraduates face when it comes to saving money. Based on insights from my research, I designed a mobile application named **SaveWise**, the functionality of **SaveWise** were able encourage 90% of undergraduate student from saving for present and future purposes.

EDUCATION

Ladoke Akintola University of Technology (NIGERIA) **2024**

- Bachelor of Technology (HONORS) – Pure and Applied Chemistry

PERXELS DESIGN SCHOOL **2024**

- UIUX professional certificate of completion
